## POLICEMEN WILL GET SALARY BOOST

Members of Force With Exception of Chief to Receive \$2.50.—Merchant Police \$1.50.

TO BECOME EFFECTIVE JUNE 1

Objection Made Against All Policemen Leaving the City at One Time.

By an ordinance which was passed by unanimous vote at the regular session of the city council Wednesday night the members of the local police department, with the exception of the chief, will receive increased wages. The rate of \$2.50 per day or night was fixed for the policemen and \$1.50 per night for the merchant officer. The salary of the chief of police is fixed by ordinance and cannot be changed during the term of his office. The merchant officer gets a compensation from the business men and also a salary from the city. The salary boost for the policeman is in keeping with the recent increase given the city firemen. The ordinance was introduced by Ireland and was passed on third reading by unanimous consent. Buse opposed the ordinance on first reading but did not interfere with the suspension of rules to place it on third reading and favored it each vote after the first.

Robert Hall, city engineer, reported that the estimated cost of changing the water way at the Trinity M. E. church on Bruce street was \$37 and the street commissioner was instructed to change the tile in accordance with the plans recently submitted by the engineer and approved by the council.

Goodale objected to all of the policemen leaving the city at one time

## MRS. EDWARD HUGHES DIES FOLLOWING AN OPERATION

Death Which Occurred Wednesday Night Comes as Severe Shock to Friends.

Mrs. Edward Hughes, daughter of Postmaster and Mrs. Allen Swope, North Walnut street, died about 8:30 o'clock Wednesday night, following a severe operation which was performed at the Schneck Memorial Hospital last Friday. While the friends of Mrs. Hughes knew that her condition was critical from the time that the operation was performed, the announcement of her death was a great shock. Mrs. Hughes' condition last week was held to be so serious that an emergency operation was necessary. She came here several weeks ago with her two little daughters from Dayton, O. her home, for a visit with her parents.

Mrs. Hughes was born in Crothersville, December 2, 1890, and was twenty-eight years of age. She attended the public schools in this city and was graduated from the Shields high school in 1907. In the fall of that year she entered Wellesley College and was graduated from that institution in 1913.

On November 22, 1913, the deceased was married to Edward Hughes, of Columbus, a manufacturing and research engineer. Since their marriage they have lived in Indianapolis, Middletown, O. and for the last few years at Dayton, O.

Mrs. Hughes was a charming young woman and because of her congenial disposition and happy manner her friends were legion. During her high school and college life she was a leader in the various activities of the schools. Since her marriage her endeavors were devoted to her home and her children. She was a member of the First Presbyterian church in this city, having affiliated with that congregation at the age of ten years.

Mrs. Hughes is survived by her husband, two little daughters, Mary Ann and Edna Louise, her parents and a brother, Joseph A. Swope of Indianapolis.

The funeral will be held tomorrow afternoon at 3 o'clock from the Presbyterian church. Burial at Riverview cemetery.

## MURDER CASE ON TRIAL TODAY

Charles Prichard Being Tried for Killing His Wife Who Was Found Dead Jan. 10, 1918.

INDICTED BY GRAND JURY

Coroner Returned Verdict That Woman's Death Was Due to Excessive Use of Alcohol.

The murder case of Charles Prichard, of this city, who is alleged to have killed his wife, Mollie Prichard, January 10, 1918, went to trial in the Jackson circuit court today. The greater part of the morning was spent in selecting a jury which is composed of the following men: John Cunningham, Bicknell Lewis, John Topie, Lewis Harlow, Oscar Allen, Charles F. Robertson, Dr. L. R. McCormick, Horace Payne, Smith Stillwell, James B. Cross, Samuel Gray and Allen Lucas.

Prichard was indicted by the grand jury and is charged with murder in the second degree. The case developed out of the sudden death of his wife which occurred at their home on South Pine street early on the morning of January 10. The woman was found by the defendant husband, he alleges, after he came home from where he had been cleaning up a saloon, about 6 o'clock in the morning. The husband called some neighbors and told them that he believed his wife was dead. They made an investigation and found that the body was cold. The county coroner was notified who at that time was William A. Diekmeyer, of Vallonia, and came to this city and held an inquest. Mr. Prichard gave the following testimony at the coroner's investigation.

"My name is Charles Prichard and reside at 110 South Pine street. We were both drinking a little and have not lived the best life since our marriage sixteen years ago. On January 10, 1918 I got up about 4:30 a. m., stirred the fire and went to Niehter's saloon. (Prichard has been employed to clean up the saloon each morning.) I went back home about 6:15 after I had my work done and when I noticed that she was not up I went over and spoke to her and she did not answer. I piled the covers on her for she was cold and I went to Hunsuckers and told them that I thought she was dead, or dying and they suggested that I call Mrs. Hilbreath which I did. There was a lot of medicine there that was prescribed by a doctor. She never did state to me that she intended to commit suicide. She did not have any whiskey last night and did not ask for any. I suppose she had a small amount of beer. I did not get it for her."

At the inquest Mrs. Ida Bryant, a neighbor, testified that she heard Prichard and his wife fighting the night before her death. She said that she heard Mrs. Prichard cry for help and wanted her husband to go over there but that it was a common occurrence for them to fight and

## HARRY DRAKE FOUND GUILTY ON ARSON CHARGE

Sentenced to Serve a Term of From Two to Fourteen Years at Reformatory.

James A. Cox, judge of the Jackson circuit court today rendered his decision in the state case against Harry C. Drake, of Indianapolis, charged with arson, finding him guilty. The defendant was sentenced to serve a term of from two to fourteen years in the state reformatory at Jeffersonville. Drake will be taken to that institution within the next few days.

He was charged with implication in the destruction of a store building owned by him at Clearspring about two years ago. The arson case required one day for trial, having started in circuit court Tuesday at noon and was completed Wednesday noon. Drake is about sixty years old.

## WOODSTOCK WANTS TO SAVE SCHOOL

Trustee of Redding Township Takes up Matter of Corporation Extension With Council.

ENGINEER TO MAKE SURVEY

Goodale, Member of Special Committee, Explains Location of Proposed New Boundary Lines.

E. P. Elsner, representing Lyman Gruber, trustee of Redding township, appeared before the city council Wednesday night to recommend that the school building at Woodstock be left outside of the city when the proposed boundary extension is made. He said that there are about sixty children enrolled in the Woodstock school and that if the proposed boundary line through Woodstock is established half of that number will live within the city and will become pupils in the city schools. He said that under the Indiana school law the trustee is required to transport all children who live a mile or more from the school, which they attend. He declared that to place the corporation line north of the Woodstock school would mean that at least thirty children would have to be transported to some other school in the township.

Mr. Elsner suggested that the corporation line be established south of the Woodstock school as that would solve the problem for the trustee of

## DID NOT OBEY ORDERS OF PUBLIC SERVICE COMMISSION

Want Local Telephone Company Fined for Failure to Build Seymour-Crothersville Line.

A suit has been filed in the Jackson circuit court by the Public Service Commission, of Indiana, against the Seymour Mutual Telephone Company for failure to obey orders issued by the commission in January, 1918, requiring them to build an additional telephone line between this city and Crothersville for local service. At that time the company was granted a toll of five cents between Seymour and Crothersville. The complaint asks that the company be fined \$1,000 for failure to comply with the commission's order.

## MEETING PLANNED IN EACH TOWNSHIP

Workers in Salvation Army Drive Sunday Afternoon to Assemble Friday Night.

DOUGHNUT SALE IS FEATURE

Several Thousand Will be Furnished by Seymour Women—Scouts to Assist in Sale.

Organization meetings in preparation for the Salvation Army drive for \$3,708 in Jackson county Sunday afternoon, will be held in each township tomorrow night. R. A. Greenman, has charge of the speakers' bureau and is arranging for the meetings. Local people who will provide automobiles to take the speakers into the various townships are requested to notify Claude Carter at once so that the schedules can be completed without delay. While the meetings will be conducted for the workers the public is invited to attend them as the purposes of the drive will be explained by the speakers. The list of speakers and the places where they will give addresses will be completed late today or tomorrow.

It is not believed that any difficulty will be experienced in raising the quota which has been assigned the county. In comparison to the large money sums which have been subscribed in the past few months for various war activities, the amount

## INDIANA FEDERATION OF CHURCHES TO TAKE ACTION

Opposed to Wilson Request of Congress to Modify War Time Prohibition.

By United Press

Indianapolis, May 22—Opposing President Wilson's request that congress appeal the war time prohibition law so far as light wines and beer are concerned, the Indiana church federation today took steps towards concerted action in its fight.

The first step against the President's move will be launched in all Hoosier churches next Sunday at the request of the president of the federation who sent a message to all Indiana ministers today requesting them to launch the most vigorous objections. He proposed that every church in the state adopt resolutions next Sunday and that a vote be made, the result of which will be forwarded to Indiana senators and representatives in congress.

## ELEVENTH-HOUR BLUFF EXPECTED

Germans Want to Test Allies' Determination to Enforce Demands Mentioned in Treaty.

MAY SIGN "UNDER PROTEST"

Foreign Minister Brockdorff May Refuse Regardless of What Associates Decide To Do.

By United Press

Paris, May 22.—The German peace delegation will make an eleventh hour bluff to break off negotiations to test the allies' determination, according to the belief expressed in official French circles today. Once the enemy sees that the allies mean business, realizes that the economic blockade will be tightened and sees that the allied armies are ready to march into Germany, either the present or a substituted delegation will sign "under protest," is the way the French have it figured out.

In some quarters the belief continues to grow that Foreign Minister Brockdorff personally will refuse to sign the document in its present form, regardless of what his associates may do. His expected withdrawal, it is said, will form the basis for the Germans' acceptance.

The amount of the bill for damages and demand for its immediate presentation promises to be the biggest single factor in the Germans counter-proposals according to the belief expressed after publication of Brockdorff-Rantzau's request for extension of the time limit for discussion of terms. All other considerations, it was expected, will be subordinated to the question of money and commerce. Brockdorff-Rantzau, it was forecast, will seek to point out to the allies that it is to the latter's own benefit to make sufficient concessions to enable Germany to live up to the treaty. He will declare, it was believed, that it will be impossible for Germany to sign a blank check for an indefinite amount of reparations.

The big four this morning took up the German protest regarding the conditions under which France would obtain valuable concessions in the Saar. This served as a break in discussion of distribution of mandates over former Turkish territories which has occupied the attention of the big four for several days.

Enthusiasm is being raised in the American delegation over acceptance of a mandatory for Constantinople under the present plan.

## SPECULATION AS TO COUNTER TERMS

Berlin Dispatch Declares Germany Will Agree to Terms With Some Modifications.

DEMONSTRATIONS STAGED

Independent Socialists Want Immediate Peace, While Majority Socialist Oppose Terms.

By United Press

Berlin, May 22—100,000 independent socialists today staged a great demonstration in favor of immediate peace. They bore numerous red flags and banners with the inscription, "We want early peace, bread and work."

After they had been addressed by several speakers, the independent socialists marched to the square where 25,000 majority socialists were holding a demonstration against the treaty. Before the appearance of the independent socialists, Chancellor Scheidemann addressed the crowd, declaring that "protest is Germany's only weapon."

Germany's final counter proposals to the peace treaty will be, it was learned from an authoritative source today, as follows:

First—Insistence on fulfillment of President Wilson's principles.

Second—Request for a plebiscite in the eastern and western provinces.

Third—Acceptance of the principle of full disarmament but with the reservation that 200,000 troops be retained to maintain internal order.

Fourth—Complete agreement as to elimination of the German navy with insistence that some merchantships be retained to insure the country's economical development.

This information was obtained from an official in close touch with the delegates at Versailles. The German government, he said, believes that the eastern plebiscite would be advantageous to Germany and regard a victory in the Saar Basin as certain in event of a vote.

## CONGRESS CONSIDERS PLANS TO HELP AMERICAN BUSINESS

Representative Edmund Proposes Establishment of Steamship Lines to South America.

By United Press

Washington, May 22—Plans for helping American business into a era of prosperity are taking precedent in congress. Representative Edmund, of Pennsylvania, has a bill which provides for the establishment of four direct steamship lines to South America. He pointed out that a law requiring grouping of such lines with regular service every fifteen days will serve to bring the two Americas into closer contact.

A score of bills pending to aid manufacturers and providing cheaper power have been introduced. Revision of 1920 taxes to lighten the burden on business and encourage the expansion of industries will be proposed in a bill soon to be introduced. Extension of coal and oil production is sought in bills opening public lands in the west from which quantities of coal, oil and other minerals may be taken. Food production also claims considerable attention by the house members.

Communication Broken.

By United Press

St. Johns, May 22—The theory was advanced today that the wireless apparatus on the seaplane Sopwith in command of Harry Hawker, was broken after he jumped off here, thus making wireless communication impossible. This is the explanation for the reason that no word was received from Hawker after he left St. Johns.

## CONGRESS ABOUT READY TO TAKE UP MONEY BILLS

Senate Republicans Take Advantage of Adjournment to Completing Program.

By United Press  
Washington, May 22.—Congress is nearly ready to begin its grind on money bills. The house met today to take up the Indiana appropriation bill and other measures.

Senate republicans taking advantage of the two days adjournment of the upper branch are striving to adjust their differences and preparing to get down to business. The threatened clash of Republican "regulars" and "progressives" over some committee appointments, including that of Penrose as chairman of the finance committee and Warren as chairman of the appropriations committee is understood to have been averted.

House republicans pointed to passage yesterday of the woman suffrage amendment as an indication of the speed with which they will dispose of important measures during the session.

Committee organization is being hastened in both branches.

Mr. and Mrs. Lester Russell left Wednesday afternoon for future residence at Terre Haute. Mr. Russell has been employed as boiler maker in the Baltimore and Ohio shops. Mr. and Mrs. Russell moved to this city about four months ago from Terre Haute and have resided on North Ewing street.

## A Worthy Cause.

Col. Solon J. Carter, State Chairman of the Salvation Army Home Service Fund Campaign, in accepting this office said: 'I would be glad to give \$5000 to this fund for I know what the Salvation Army is and what it meant to the soldiers overseas' and continued by saying, 'they furnished doughnuts and coffee to my boys when they could not have been purchased for \$1.00 apiece.'

Another soldier recently returned from service overseas said, 'the Salvation Army lassies supplied us with doughnuts and coffee at times when it was impossible to get anything to eat. They were at the front at the battle at Soissons during four days of most terrific fighting, when it was almost humanly impossible to get supplies from the rear. They were always present and ready to serve. They would establish stations in old sheds, barns, and in emergency even used the stumps of trees as service and supply stations.'

These are only a few concrete facts of what this great organization has done and which has won for it the confidence and esteem which it so richly merits.

The Salvation Army now is making an appeal, and a modest one, for funds to continue their work. The people of Seymour and Jackson County are asked to contribute willingly and freely to this fund. While the per capita is only 15c any amount will be received. Any persons wishing to do so, may make voluntary contributions in cash, or by check payable to the Salvation Army Home Service Fund. The special drive for this fund will be made next Sunday afternoon, May 25. "A Man May Be Down, But He is Never Out." Give all you can.

I saw the Salvation Army at Chateau Thierry!

I saw the Salvation Army where the fighting was thickest!

I saw the Salvation Army where the suffering was greatest!

They were just plain people--ready to smile--ready to work--to cook a doughnut--or to say a prayer!

The Salvation Army, back home with new inspiration, has taken up its time-worn fight on behalf of the poor, the weak, and the unfortunate in the United States!

## SOCIAL EVENTS

### ENTERTAIN.

Misses Margaret McCord and Elsie Reynolds entertained at the latter's home on West Second street, Wednesday evening, in honor of Charles Rottman, who leaves soon for Easton, Penn., to resume the position he held before entering military service. The evening was spent with music and a buffet luncheon was served.

Those present included Mr. and Mrs. H. A. Stewart, Miss Esther Doane, Miss Christine Meyer, Miss Mary Byrne, Miss Irene Hunsucker, O. H. Holder, Herod Stants, Riley Whitman, Louis Cordes, Charles

Thomas, Carlyle Allen, the hostesses and the honor guest.

### ENTERTAINS.

M. F. Bottorff and daughter entertained a number of guests at dinner today at their home on West Second street. Covers were laid for Mrs. Nina Bonnell and daughter, Helen, of Indianapolis, Mrs. Walter Simmons and children, Floyd and Betty Jane, Mrs. Dean Bottorff and daughter, Mary, Mrs. Virgil Seal and daughter, Maxine, Miss Marcie Bottorff and Mrs. Bruce, of Columbus.

### DINNER GUESTS.

Mr. and Mrs. C. E. Morton, North Walnut street, entertained a number of friends with a six o'clock dinner Wednesday evening. Spring flowers

were used as decorations. Mrs. Saylor Byers, of Indianapolis, who was the guest of Mrs. Carl Oesting, and Miss Elma Seider, of Jeffersonville, who is the guest of Miss Stella Laupus were out-of-town guests.

### LADIES' AID SOCIETY.

The monthly meeting of the Aid Society of the Lutheran church was held this afternoon at the club building. The following program was given:

Instrumental Duet, Mrs. Adolph Brunow and Mrs. Albert Kasting. Song, Mrs. Clyde McGowan. Dialogue, Mrs. Ernest Walser, Mrs. Fred Hecamp, Mrs. Delzie Bozzell and Miss Ella Dieck.

### CLASS PICNIC.

An indoor picnic was given Wednesday evening by the Semper Fidelis Class of the First M. E. church at the home of Mrs. J. F. Tunley, on North Walnut street. On account of the rain the picnic was held indoors. A supper was served and the evening was spent with games. Miss Leota Nevins and Kingsley Brinklow were guests.

### W. C. T. U.

The W. C. T. U. will hold a meeting this evening at the home of the president, Mrs. W. F. Pfaffenberger, North Chestnut street. An interesting program has been arranged for the meeting which opens at 7:45.

### FORTNIGHTLY CLUB.

Mrs. B. S. Shinness, Central avenue, entertained the members of the Fortnightly Club this afternoon in honor of her sister, Mrs. R. T. German, of Louisville.

### MUCH SPECULATION AS TO APPRAISEMENT IN COUNTY

Figures Already Show Gain of More Than \$10,000,000 and Corporations Are Not Listed.

Considerable interest is manifested in the probably figures for the total assessment of property in this county under the new tax law. The tentative report just filed shows a gain of more than \$10,000,000 and this does not include the appraisements of foreign corporations, such as the railroads and telephones. Some of the local corporations are also assessed by the state tax board and it is expected that the total will advanced by at least \$2,000,000. There is much speculation as to what basis will be used in appraising the property of the railroads and other corporations.

### MURDER CASE

#### ON TRIAL TODAY

(Continued from first page)

he refused to become alarmed. Mrs. Bryant further testified at the inquest that everything became quite at the Prichard home about 10 o'clock on the night before Mrs. Prichard was found dead. She first learned of Mrs. Prichard's death the following morning.

Other witnesses testified at the inquest that they did not hear any unusual noise on that night nor did they hear any cries for help from the Prichard home. After completing his investigation the coroner returned a verdict that the woman's death

was due to excessive use of alcohol. The outcome of the murder case, which is the first to have been tried in the Jackson circuit court for several terms, is being watched with much interest. S. A. Barnes, of this city, is representing the defendant. The state is being represented by Prosecuting Attorney Lowe. A large number of witnesses were called from this city to testify in the case.

### Marriage License.

A marriage license was issued today to Cletus Sneed and Iva Watts, both of Medora.

## Why Waterfall Is Nameless.

The largest and most beautiful waterfall in the Southwest is unnamed as far as the United States forest service can learn. It is supposed to have been forgotten. The nameless fall is that of the Little Colorado river in Arizona, between Winslow and Flagstaff on the Navajo Indian reservation.

The Little Colorado makes a sheer drop of 100 feet at this point. The width of the stream at the precipice is about 300 feet at a season when the stream is at its higher levels.

The rock formations about the falls are brilliantly colored, some of the strata being red and yellow, which to a considerable degree constitute the unusual beauty of the falls.

## BOTH ATTENDING TO BUSINESS

But Officer of the Law Got More Sympathy From Magistrate Than Did "Appropriator."

"Then you insist that the officer arrested you while you were quietly attending to your business?" inquired the magistrate.

"Yes, your worship. He caught me suddenly by the collar and threatened me with horrible things unless I accompanied him immediately to the police station!"

"Hum!" remarked the magistrate. "And you say you were quietly attending to your business at the time, making no noise or commotion of any kind?"

"Certainly, your worship!"

Again the magistrate looked doubtful.

"And what is your profession?"

"I'm an appropriator, your worship."

"An appropriator? Of what?"

"Of other people's possessions, your worship! The newspapers, perhaps, would describe me as a burglar!"—London Mail.

Giant Telescope Does Useful Work.

The huge reflecting telescope of the Dominion Astrophysical observatory at Victoria, B. C., has proved a valuable factor in research work.

In the short period in which it has been in commission it has already discovered 30 spectroscopic binaries.

These are stars which appear as singles even when viewed by the most powerful telescope, and the fact that they are really doubles is revealed only when they are examined by means of the spectrum. If the star is always moving at the same speed either to or from the earth, then it is single, but if it changes speed or direction, then it is a double. A visual binary is one which may be discerned as a double when viewed through a telescope.

## Dropped a Match.

Podkins was on his hands and knees on the station platform, searching diligently, and striking match after match in the process.

"What on earth are you looking for, wasting all those matches?" asked a scandalized acquaintance.

"I've just dropped one," said Podkins, breathing hard and resuming the search.

## Very Holy.

Egbert—Why, no. I have not.

"Haven't you happened to notice on the part of the Swiss cheese that 'holier than thou' look?"

## A HOT SPOT Chalmers Responds Like a Spirited Horse

THE huge, road rolling type of motor car with gigantic engine has less friends than once it did. For everyone nowadays likes "life," get-up-and-go, in a car just as he or she does in a human being, or an animal.

That's why the Hot Spot Chalmers has won friends in ever increasing numbers.

It has the ginger of a spirited horse.

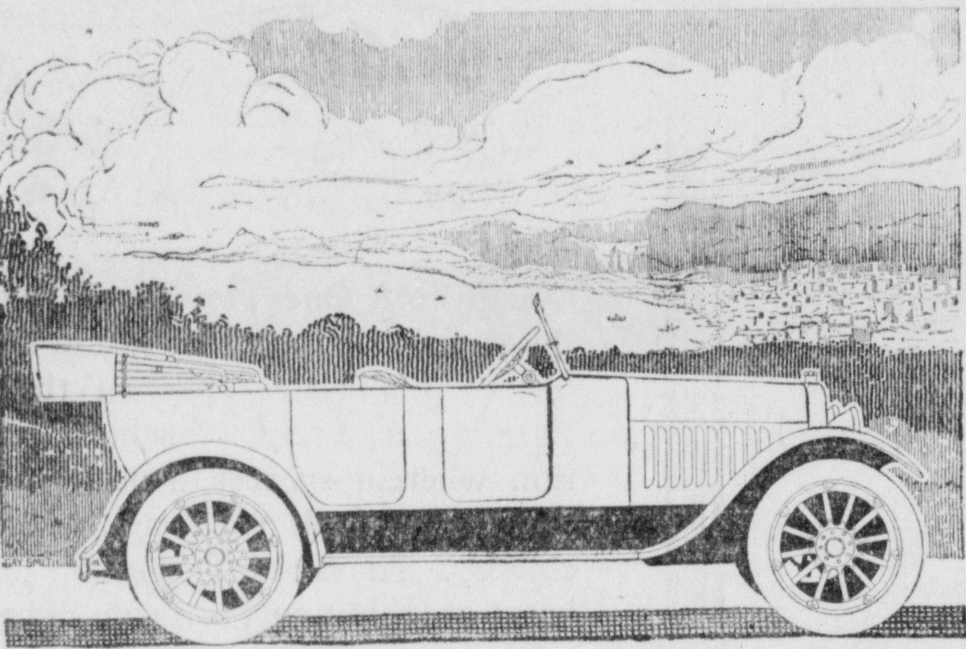

Ask for a little and you get more than you ask.

AM because its great, magnificent engine "chews up" gas and delivers power results in uncanny fashion.

Hot Spot "breaks up" the gas so that when Ram's-horn dispatches the "powdered" gas to the cylinders you get every particle of power nature put into gas.

Hence a brute type of an engine is not found in a present day Chalmers, but a medium sized engine that delivers a wallop with a silky smoothness almost beyond belief.

Ride once with your foot on the little button of a Hot Spot Chalmers and your conception of a motor car is changed; thereafter you too will say Chalmers is one of the few great cars of the world.

## MANY SUGGESTIONS RECEIVED

Several New Names Submitted This Week in The Envelope Contest.

In the envelope name contest which The Republican is conducting a number of new names have been submitted this week. The contest will remain open until Saturday evening, May 24 and \$5.00 will be paid for the name which is accepted.

For many years The Republican has handled the Hoosier XXX envelope. This is a popular brand but the name belongs to a jobbing house and we have concluded to use a name of our own. The contest is being conducted to secure a name that will be satisfactory for a good, medium business envelope.

The following rules will govern the contest:

1. The name should embody the idea of quality and dignity.
2. The name should appeal to business men as a sensible brand for envelopes.
3. The name may be an entirely new word if otherwise adapted to our purpose.
4. The name should be medium in length, preferably one or two syllables and from five to ten letters, although no strict limit will be placed.
5. Any man, woman or child may enter a suggested name in this contest.
6. Any person may enter as many suggested names as they wish but each proposed name must be in a separate envelope even if suggested by the same person.
7. \$5.00 in cash will be paid for the name which is accepted, but the right is reserved to reject any or all names and reopen the contest until a satisfactory name is found.
8. In filing your suggestion write your name and street address on the slip of paper together with the name you suggest. Fold this sheet of paper and place it in a sealed envelope. On the outside of the envelope write

only these words: "Name suggested for The Daily Republican envelope contest." The award will be made from the outside of the envelopes without knowing who has made the suggestion until the award is made and the envelope opened.

9. Typewritten copy is preferred although not required.

10. All proposals should be left at The Republican office or mailed so as to reach the office not later than Saturday, May 24. Announcements will be made as soon as possible after that time.

## 30,000 SOLDIERS ARE DUE IN NEW YORK TODAY

Imperator and Leviathan Race Across Atlantic For American Harbor.

By United Press  
New York, May 22—More than 30,000 soldiers are due to arrive in New York before night.

Half of them are on the former German liners Imperator and Leviathan, which raced across the Atlantic. These huge ships left Brest within an hour of each other and made it almost neck and neck all the way to American shores. The Imperator carried 3,000 men against the Leviathan's 12,000, as it has not yet been fitted with bunks.

If the fog lifts so that all ships may pass through Sandy Hook all records will be broken today. There are seven transports carrying 33,363 troops due. The best previous day's record was 23,089 American fighters repatriated in New York in 24 hours.

Governors of two states are among the home folks in New York today and each is accompanied by a large delegation of assistant welcome. Governor Allen is here from Kansas and Governor McKelvie from Nebraska.

## ANTIQUITY OF DECORATIVE ART

Strange Sources From Which Pigments Used by Modern Painters Are Derived.

Whether paint was invented in answer to a need for a preservative or to meet a desire for beauty is a question fully as knotty as the ancient one about the relative time of arrival of the chicken or the egg. It was invented, though, and it serves both purposes equally; so whether it is an offspring of mother necessity or an adopted son of beauty remains forever a disputed question.

The first men, cowering under the fierce and glaring suns of the biblical countries, constructed rude huts of wood to shelter them. The perishable nature of these structures caused rapid decay, and it is probable that the occupants, seeking some artificial means of preservation, hit upon the pigments of the earth in their search. It is perhaps natural to suppose that it was the instinct of preservation that led men to the search, although the glories of the sunsets and the beauties of the rainbow may have created a desire to imitate those wonders in their own dwellings.

The earliest record of the application of a preservative to a wooden structure dates from the ark, which was, according to the Bible, "pitched within and without." The pitch was a triumph of preservation whatever it lacked as a thing of beauty.

Decoration applied to buildings first comes to light with ancient Babylon, whose walls were covered with representations of hunting scenes and of combat. These were done in red and the method followed was to paint the scene on the bricks at the time of manufacture, assuring permanence by baking. Strictly speaking, this was not painting so much as it was the earliest manifestation of our own familiar kalsomining.

The first Hebrew to mention painting is Moses. In the thirty-third chapter of the book of Numbers he instructs the Israelites, "When ye have passed over the Jordan into the land of Canaan, then shall ye drive out all the inhabitants of the land from before you and destroy all their pictures. . . ."

At later periods the Jews adopted many customs of the peoples who successively obtained power over them and in the apocryphal book of the Maccabees is found this allusion to the art of decorating, "For as the master builder of a new house must care for the whole building, but he that undertaketh to set it out and paint it, must seek out things for the adorning thereof."

Although Homer gives credit to a Greek for the discovery of paint, the allusions to it in the books of Moses, the painted mummy cases of the Egyptians and the decorated walls of Babylon and Thebes fix its origin at a period long antecedent to the Grecian era. The walls of Thebes were painted 1,900 years before the coming of Christ and 996 years before "Omer smote his bloomin' lyre."

The Greeks recognized the value of paint as a preservative and made use of something akin to it on their ships. Pliny writes of the mode of boiling wax and painting ships with it, after which, he continues, "neither the sea, nor the wind, nor the sun can destroy the wood thus protected."

The Romans, being essentially a warlike people, never brought the decoration of buildings to the high plane it had reached with the Greeks. For all that the ruins of Pompeii show many structures whose mural decorations are in fair shape today. The colors used were glaring. A black background was the usual one and the combinations worked thereon red, yellow and blue.

In the early Christian era the use of mosaics for churches somewhat supplanted mural painting. Still, during the reign of Justinian the Church of Saint Sophia was built at Constantinople and its walls were adorned with paintings.

In modern times the uses of paint have come to be as numerous as its myriad shades and tints. Paint is unique in that its name has no synonym and for it there is no substitute material. Bread is the staff of life, but paint is the life of the staff.

No one thinks of the exterior of a wooden building now except in terms of paint coated. Interiors, too, from painted walls and stained furniture down to the lowliest kitchen utensil, all receive their protective covering. Steel, so often associated with cement re-enforcing, is painted before it goes to give solidity to the manufactured stone. The huge girders of the skyscrapers are daubed an ugly but efficient red underneath the surface coat of black. Perhaps the best example of the value of paint on steel is found in the venerable Brooklyn bridge, on which a gang of painters is kept going continually. It is scarce possible to think of a single manufactured article which does not meet paint somewhere in the course of its construction. So has paint grown into the very marrow of our lives.

Will Hustedt spent Wednesday at Indianapolis, where he attended the state meeting of the Undertaker's Association. He was accompanied by Mrs. Hustedt, who spent the day in the city with friends.

Louis Heller, of Terre Haute, spent Wednesday evening in this city on his way to Brownstown. Mr. Heller formerly lived in Seymour.

# DOWN go the Prices of TIRES

A remarkable value demonstration presenting tire qualities not to be duplicated anywhere in America at our prices. The variety embraces all the most generally advertised makes and those most popular with car owners. Every tire in our store is high grade and guaranteed for full mileage. Several carloads of them were purchased at terrific sacrifices by the manufacturers. No reason for sacrificing them other than to dispose of their season's surplus and the fact that some are slightly blemished, but they are nevertheless just as good as first stock so far as mileage service is concerned.

Our New York connections, being the largest buyers of tires in the country, were accorded the advantage to buy at sweeping prices, enabling us to offer them to you at one-third to one-half less than regular prices. Many of these tires were recently made. They are all fresh stock. Now is the time to provide for your future needs. Prices will never be so low again.

## WOODSTOCK WANTS TO SAVE SCHOOL

(Continued from first page)

that township. He declared that at this time the Redding township trustee is paying about \$600 a year in transfer fees to the city schools for Redding township pupils who have entered the high school. He stated that the income from taxes on the property in Woodstock proposed in the corporation extension would not exceed \$500 and that the city would have the additional expense of maintaining fire hydrants and street lights. He thought that the purposes of the city would be better gained by fixing the corporation line south of the school building.

Mr. Goodale explained that the special committee appointed by the council to suggest new boundary lines had made an inspection and said it is proposed to begin at the north-east part of the city through what is known as the Patrick place, and proceed south below the Springer place. This would cut off about one block in Glenlawn. The line would run due west through the Gaiser farm to the present corporation line, thence north to the township line, including the old fair grounds. The

line would then run east on the township line to Fourteenth street, east beyond Bill street and thence south to the place of beginning. He said that this would straighten the present boundaries and would not take in more than two or three blocks beyond the present lines.

Goodale said that the city engineer had been instructed to prepare a profile of the changes but had not completed it. Mayor Burkart stated that the city engineer told him that the lines established were only tentative and that he hesitated to complete the profile as considerable expense would be attached to it. Later in the meeting the engineer was instructed to employ two chain men and a flag man and make the survey according to the lines specified by the special committee. After the profile is filed the council will be ready to entertain an ordinance to extend the boundaries.

to work on a case which belongs to the county. He referred to the Morton automobile accident at Crothersville a week ago, and said he had been informed that all the officers with one exception left the city at the same time. Chief Abell stated that he was called to Crothersville and reached the town before Sheriff McCord. He said he did not order any of the other officers to work on the case there. He said he thought it was a mistake for all the officers to leave the city at one time.

Goss expressed the opinion that the co-operation between the local police department and the county authorities was a good thing. No action was taken but it was understood that the chief would look into the matter in the future.

The street commissioner was instructed to repair a gutter at the corner of Second and Poplar streets. Mrs. Carrie Fodermark was instructed to build a new side walk on Brown street just west of Walnut. On motion of Goss the police were ordered to inspect the sidewalks on the east side of Broadway south of High and also on both sides of Vine street south of High.

Busse was instructed to contract for the purchase of two tons of hay at \$22 a ton, to be delivered by the city.

The chief of police was instructed to investigate complaints that boys were playing ball on the Park school property on Sundays.

asked by the Salvation Army is very small. In some sections, the quotas are to be raised by means of pie suppers and ice cream socials. The quota is based on a contribution of fifteen cents for each inhabitant of the county.

Considerable interest is manifested in the doughnut sale to be held Saturday. Several thousand doughnuts will be contributed by Seymour women for this sale which will be conducted under the auspices of an organization of which Mrs. E. P. Elsner, president of the County Food Club, is chairman. More than fifty local women are soliciting doughnuts. Confusion seems to have resulted from the name "Salvation Army Doughnuts." Mrs. Elsner explained today that no special recipe is required.

Three booths will be erected, one at the corner of Chestnut and Tipton, another at Second and Chestnut and the third on East Second east of the Pennsylvania Railroad tracks. The doughnuts will sell for twenty cents a dozen. The Interstate Public Service Company has offered free gas and ranges for frying doughnuts at its sales room on South Chestnut street. The offer of the company will be accepted by the committee and doughnuts will be made there to take care of the demand that is in addition to the supply furnished by the women of the city. The Boy Scouts of the city have consented to act as delivery boys for the sale. Any one desiring to make a purchase who is unable to come down town may call Phone 326 and the scouts will make the delivery without charge.

Mrs. Hugh McCully and Mrs. Harry McCully returned Wednesday afternoon from Huron where they attended the funeral of Mrs. Nancy Smith.

## MORE RED BLOOD AND STEADIER NERVES FOR RUN DOWN PEOPLE

**The World Demands, Strong, Vigorous, Keen-Minded, Men and Women**

It has been said of Americans that they work their habits over-time. Many become nervous and inefficient by overwork. By worry, despondency, social affairs, robbing brain and body of needed rest; excessive use of tobacco, indulgence in strong alcoholic drink—excesses of every kind that burn up the vital powers so necessary in these trying times to make both men and women fit to be of help to themselves and others.

It is time to be temperate in all things. The man or woman with impaired nerves caused by impoverished blood lacks vigor, the ambition, the endurance and the keen mind of those who avoid excesses.

Timidity, despondency, fear, trembling hands, want of confidence and even cowardliness, are due in a large measure to abused nerves. People with plenty of red blood corpuscles and strong, healthy nerves have no desire to shirk work and lean on others for guidance and support.

There is hardly a nerve-shattered man or woman (unless of an organic disease) in America today who cannot become alert and clear in mind; vigorous and energetic in body in a very few weeks and at trifling cost.

To become strong and ambitious, to feel that work is not drudgery; to have steady nerves, abundance of red blood and power of endurance; to be not only a man but as men now go, a superman, you must take seven tablets of Bio-feren every day for seven days—and take them faithfully.

Take two after each meal and one at bedtime and after seven days take one only after meal until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if your nerves are not twice as steady as before; if you do not feel ambitious, more vigorous and keen-minded, the pharmacist who dispensed the tablets to you will gladly hand you back just what you paid for them.

Bio-feren is without doubt the grandest remedy for nervous, rundown, weak, anemic men and women ever offered direct through druggists and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

## "FIT TO WIN" FILM TO BE SHOWN NEXT THURSDAY.

**U. S. Public Health Service Will Continue Campaign to Eradicate Venereal Disease.**

Dr. G. A. Osterman received notice this morning that the film "Fit to Win" will be shown at the Strand Theatre Thursday, May 29 at 10:30 a. m. The meeting will be for men only. It is part of the campaign which is being urged by the United States Public Health Service for the eradication of venereal disease. This film is a sequel to the "Fit to Fight" film which was shown in many parts of the country during the war. All the men of Seymour and vicinity are invited to attend this meeting.

## Stop Itching Skin

There is one safe, dependable treatment that relieves itching torture and skin irritation almost instantly and that cleanses and soothes the skin. Ask any druggist for a 35c or \$1 bottle of Zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear. A little Zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions, makes the skin soft, smooth and healthy.
